Could we push it closer to 8? If not, 9 is still OK.

I am out on a SW recon on Wednesday. Bruce is available Thursday. I have a stormwater meeting at 1:00. How about 9:00 am Thursday morning? Other times Thursday morning also work.

Re: Fate and Transport Modeling Support

Oh - sorry! Didn't realize . . . I'm free all week except Wednesday 11:15 am - 4 pm. I'd prefer to meet later rather than sooner so I can have more time to look over Bruce's report to get familiarized with the model a little better.

Support

When will this call work for you Eric? JM

>>> Robert Gensemer 9/29/2006 7:46 AM >>>
Eric: Glad we can help out. I'm available to participate in this call,
and I'd like to at least to help get a sense of where this is going.

Brad, I just received your voicemail. It's great news that Carrie can
help us out!!

As a first step, I would like to set up a time early next week for
Carrie, Bruce and myself to get together and plan our next steps. You,
John, Bob and/or Chip can participate also if warranted. I am imagining
this would be a call.

Please let me know when you are available. Once we have met internally,
I imagine the next step is to coordinate working with Carl S. and Ray W.
with the LWG to figure out what steps need to take place and when.

Thanks, Eric
